2010 goals

1. Strive to honor God and live as disciples in all that we do – whether through our artistry, our service, or our lives.
2. Continue serving communities, churches, organizations and events that request assistance in worship leading, fundraising, biblical instruction, prayer support and resource development.
3. Raise funds through charitable donations, CD sales and performance opportunities to continue the financial support of Chapter Three Ministries.
4. Participate in at least one long-range mission trip with full volunteer and equipment support.
5. Secure financing for, produce and release the full-length worship album (*Strangers, Orphans & Widows*).
6. Mount an equipment fundraiser campaign in an effort to secure a comprehensive portable audio-video package that will allow C3M to provide all the needed AV equipment for any events or mission efforts in which we participate.

2010 budget goal - \$22,000

1. **OPERATING BUDGET- \$7,000** Support the communities, events, organizations and churches that request C3M volunteer assistance. C3M will provide support through teaching, sharing and developing resources and providing worship and/or musical performance. As most of C3M's efforts revolve around this goal, all expenses related to keeping C3M in operation are covered under this goal heading. This includes office supplies and equipment, travel, lodging, equipment rental and all related taxes and fees.
2. **MISSION BUDGET - \$5,000** C3M desires to fully support at least one traveling mission trip each year with volunteer and equipment availability. While it is probable that the 2010 effort will again return to Costa Rica and the poverty- stricken area outside Piedras Negras, Mexico, C3M hopes to remain open to whatever mission opportunities God puts in our path.
3. **PROJECT BUDGET - \$10,000** To write and arrange a new praise and worship album. Moreover C3M will endeavor to secure all needed financing for the creation and duplication of this project in advance. This project will cause C3M to incur expenses in travel, lodging, studio fees, musician fees, advertising and duplication.

special campaign goals - \$75,000

4. **EQUIPMENT CAMPAIGN - \$75,000** To continue the C3M Equipment Campaign in an effort to secure and develop the needed equipment to make our resources and volunteers available to communities and events that could not otherwise afford assistance. In 2010, C3M is seeking financial contributions toward this goal and/or donations of portable audio and video equipment to use at all C3M ministry events and share with those communities we serve.
